

Armor Wrap®

HAND STRETCH FILM

Heavy duty, high puncture resistance.

- **High puncture resistance:** Multi-layered film creating excellent strength
- **Extraordinary elongation properties:** Produced with resins designed to provide maximum elongation
- **A smarter, sustainable solution:** We create, recover & recycle our stretch film to create a sustainable loop that reduces waste and carbon emissions

Are you ready to **redefine possible?**

Reduce waste. Achieve your sustainability goals. Contribute to a greener future. With our circular approach to plastics, we're redefining the possibilities for sustainable plastic solutions.

CREATE

We create & supply sustainable plastic solutions

RECYCLE

We process, clean & recycle the plastic into certified recycled resin

RECOVER

We collect landfill-bound plastic material, providing a new resource for creating plastic solutions

Sustainable plastic solutions

At Revolution, we deliver a wide range of sustainable solutions and custom closed-loop programs using our unique, circular approach to manufacturing and recycling. We not only supply you with the highest quality products and reliable service you need, we also supply you with comprehensive ways to reduce waste and build a more sustainable business.

We recover, clean and process more than 300 million pounds of material each year, turning it into the highest quality, certified post-consumer and post-industrial resins that are ideal for use in a wide variety of flexible film applications.

We have a longstanding track record of partnering with companies across a broad scope of industries. Our sustainable loop solutions can be tailored to fit the unique needs of a variety of markets and help any business meet ESG goals and contribute to a more sustainable future.
